## **DON T YOU SERIOUSLY WANT A BETTER SOCIETY? A LIGHT-HEARTED, BOLD, CONSTRUCTIVE,**

Createspace, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.DESCRIPTION OF BOOK The world today is a deeply troubled world. Conflicts, wars, violence, terrorism and what-not are the order of the day. People are apparently smarter but the way they lead their lives or conduct their affairs seems to contradict this. Does being smarter also means being smarter at causing troubles? This book not only points out the foibles and foolishness of human beings in general but offers constructive solutions as well. There are also Confucian teachings in the book to guide the guideless and lost human souls who seem hell-bent on making a nuisance and fool of themselves. The book may ridicule and belittle human beings but this is done tastefully, humorously and entertainingly so that we human beings can enjoy laughing at hourselves, feel silly about our antics and actions, change for the better so that even the animals who may have a sense of humor may stop laughing at or despising us. Society may be clamoring for more scientists, engineers, doctors and other skilled professionals to provide solutions to its everyday problems. But the social problems, the problems involving human inter-action, are still plentiful and appear to be getting more complex and intractable. Our political leaders also seem quite powerless in allaying or eliminating them. The author thinks that if this state of affair is allowed to go on uncontrollably indefinitely life is going to be more and more difficult and not that worth living. He hopes that the world would be blessed with world peace, harmony and happiness. As a fellow human being, he feels compelled to persuade or coerce his fellow beings to be less self-centered, more considerate, more empathetic, more cooperative...
