Excerpt: . . . 9 Now, again, at the NTSB, with a group of only 400 folks, and a very small group that deal in the highway issues, we take a look at the macro issues. Highway investigations are normally done at the State, county and local level. We see reports. When we begin to take a look at trends and we believe we can make a difference in a national trend, thats when we step in. One of the things were looking at right now, and where we be-lieve we can make a significant difference, is in young people get-ting involved in accidents. The issue is restricting cell phones when youre learning how to drive. That is obviously a skill that you must learn and you should not be distracted while you are learning how to drive. We are working very, very closely with the states to get a provision within their graduated drivers license program that will restrict people that are operating in these GDL programs from using a cell phone or other digital text messaging devices, that type of thing, while theyre learning how to drive. That will have a na-tional impact on young peoples deaths, young peoples accidents, young peoples injuries. Thats the type of thing we are working on. But if I could go one step further, I personally believe that were coming into a new era. Were in an era where we can begin the process of preventing the accident, and that is by utilizing tech-nology. Things like electronic stability control becoming features of the automobile, standard equipment, from preventing the rollover, things like short..
