COUNTRY-OF-ORIGIN LABELING FOR FOODS AND THE WTO TRADE DISPUTE ON MEAT LABELING

DOWNLOAD

Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Most retail food stores are now required to inform consumers about the country of origin of fresh fruits and vegetables, fish, shellfish, peanuts, pecans, macadamia nuts, ginseng, and ground and muscle cuts of beef, pork, lamb, chicken, and goat. The rules are required by the 2002 farm bill (P.L. 107-171) as amended by the 2008 farm bill (P.L. 110-246). Other U.S. laws have required such labeling, but only for imported food products already pre-packaged for consumers. The final rule to implement country-of-origin labeling (COOL) took effect on March 16, 2009. Both the authorization and implementation of COOL by the U.S. Department of Agriculture (USDA) have been controversial, particularly the labeling rules for meat and meat products. A number of livestock and food industry groups continue to oppose COOL as costly and unnecessary, and they and the main livestock exporters to the United States-Canada and Mexico-view the requirement as trade-distorting. Others, including some cattle and consumer groups, maintain that Americans want and deserve to know the origin of their foods. Less than one year after the COOL rules took effect, Canada and Mexico challenged them in the World Trade Organization (WTO), arguing that COOL has a trade-distorting impact by reducing the value and number of cattle and hogs shipped to the U.S. market, thus violating WTO trade commitments. In November 2011, the WTO dispute settlement (DS) panel found that (1) COOL treats imported livestock less favorably than U.S. livestock, and (2) COOL does not meet its objective to provide complete information to consumers on the origin of meat products. In March 2012, the United States appealed the WTO ruling. In June 2012 the WTO s Appellate Body (AB) upheld...
