

## Radiodiagnosis, Nuclear Medicine, Radiotherapy and Radiation Oncology

By Bipin Valchandji Daga, Sachin Valchandji Daga, Vaibhav Ramesh Shah

Jaypee Brothers Medical Publishers (P) Ltd., 2013. Softcover. Book Condition: New. First edition. Radiology is a specialized branch of medicine, essentially for a postgraduate study and consequently few medical students have adequate knowledge and/or experience of it. Most of the postgraduate medical entrance examinations now include MCQs on Radiodiagnosis, Nuclear Medicine, Radiotherapy and Radiation Oncology, hence, it has also become a must for all aspiring postgraduates to keep themselves abreast with these subjects. Salient Features Covers succinct and combined approaches of radiodiagnosis, nuclear medicine, interventional radiology, radiotherapy, and radiation oncology Designs and formats in the light of the current trends and needs of students Presents the tables, charts, boxes, and flow diagrams, where appropriate Consists of the integrated materials and puts forth in a way to suffice students to prepare for their university or board examinations Attempts to make comprehensive and precise coverage of all possible topics of radiology rather than putting in hundreds of images Explains the basic concepts of radiology physics to almost all recent advances to best possible levels. Printed Pages: 575.

### Reviews

*Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Otis Wisoky**

*This publication is great. It is full of wisdom and knowledge You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).*

-- **Dr. Everett Dicki DDS**
