Light of Avalon Books. Paperback. Book Condition: new. BRAND NEW, The Revolution of 2012: v. 2: Challenge, Andrew Smith, This second volume takes the reader deep inside the "Planetary Initiation of 2012" and describes in detail the physical changes scheduled for the third week in December 2012, just before the Winter Solstice. The book shows how these changes align with the ancient prophecies of the Mayan and other Elders of ancient tribes, both in North America and other locations. They are part of a much larger plan for an energetic upgrade of the whole Solar System and the galaxy itself. The role of mankind is to learn to fit in with the Cosmic Plan and release the belief that all life revolves around human needs and desires - just like we had to release an earlier misunderstanding that the Sun revolved around the Earth. Humanity now faces the extraordinary challenge of choosing one of two diverging paths, as we come to terms with these stark new realities. The author provides unusual insights into how an individual can best address the process of making enlightened choices in these challenging circumstances. He goes further to describe the Spiritual and physical consequences of the choices available, and encourages the reader to go significantly beyond what we may previously have thought possible, when deciding on our path forwards. The author leaves us with the encouraging understanding that there is much help and thoughtful guidance available for individual humans going forward to 2012 and beyond. It is time for Earth and humanity to reconnect with the vast population of planets and living beings throughout the universe, one step at a time. It is time to release the outworn and somewhat despairing belief that we are the only meaningful lifeforms in the cosmos.
