

## College Algebra: A Graphing Approach (5th Revised edition)

By Ron Larson, Robert P. Hostetler, Bruce H. Edwards

Cengage Learning, Inc. Hardback. Book Condition: new. BRAND NEW, College Algebra: A Graphing Approach (5th Revised edition), Ron Larson, Robert P. Hostetler, Bruce H. Edwards, Part of the market-leading Graphing Approach series by Larson, Hostetler, and Edwards, College Algebra: A Graphing Approach, 5/e, is an ideal student and instructor resource for courses that require the use of a graphing calculator. The quality and quantity of the exercises, combined with interesting applications and innovative resources, make teaching easier and help students succeed. Continuing the series' emphasis on student support, the Fifth Edition introduces Prerequisite Skills Review. For selected examples throughout the text, the Prerequisite Skills Review directs students to previous sections in the text to review concepts and skills needed to master the material at hand. In addition, prerequisite skills review exercises in Eduspace (see below for description) are referenced in every exercise set. The Larson team achieves accessibility through careful writing and design, including examples with detailed solutions that begin and end on the same page, which maximizes the readability of the text. Similarly, side-by-side solutions show algebraic, graphical, and numerical representations of the mathematics and support a variety of learning styles.

### Reviews

*This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
